Develop resource guide? Different from what MCCOY is doing. They do a report, produce a video, townhall? More important than a project is to develop leaders. ○ Create a survey (20pt) for where youth are consuming media – Educational seminar? ○ We need to be intentional about those who are at risk, but not come at them from a place of deficit - How are you staying away from the shootings? ○ It's not the volume of the violence, but the randomness that is especially troubling. ○ Surveys are not the answer. What do we need to do? Learning journey, listening sessions ○ Can we be driving them? We need an MOU involved with accepting liability of interns. ○ Question regarding interviews. Beatrice wants to handpick her people – trust that she has vetted them (high school students, not college-age) – in order to protect them from an interview / chance to be rejected. ○ We are publicly publicizing as well as recruiting youth we already know. All will submit a resume and have an interview. Need to further discuss what that interview looks like. ● Key application dates (tentative) <ul style="list-style-type: none"> ○ April 3: Applications due ○ April 7: Applications reviewed – send out interview signup ○ May 12: Notification ● Managing the Internship <ul style="list-style-type: none"> ○ Biweekly Monday meet & greets – <ul style="list-style-type: none"> ▪ 2 hours ▪ Updates, announcements, Learning session ▪ They need to be in the community in which we're working (not just one) - rotating ▪ Come to the ones you can come to - no expectation that taskforce leaders are at everyone. ▪ When Shiloh hosts, those interns will present what they're working on and get feedback. ○ Tentative dates <ul style="list-style-type: none"> ▪ Orientation <ul style="list-style-type: none"> ▫ P30 (June 6, 3 to 5pm) – Brian to reach out re: availability – I will send placeholder for calendars

Other Discussion	<ul style="list-style-type: none"> • How do we make sure our taskforces are working towards the mission of the coalition? • We need guidelines, legislative agenda so we know what we publicly support or oppose. • Question – Should our coalition use this (NRA Convention) as an opportunity to inform and educate? Or not? Yes, this is an opportunity for us to speak up.
